Sales leader with 10 years of experience across ski retail operations, dealer strategy, and multi-state territory growth. Started on the shop floor and spent five years leading a dual-season ski and bike business in Steamboat Springs, including full P&L ownership and vendor buying as a high-volume Atomic dealer. Now manage a **\$40M+** Trek territory with 60+ dealer and strategic accounts across Colorado, Utah, Wyoming, and Montana, including national account responsibility for Vail Resorts and Scheels. Understands the full winter selling cycle — preseason buying, rental fleet economics, vendor programs, and the timing pressure of specialty ski retail. Builds repeatable systems around forecasting, account segmentation, dealer coaching, and sell-through execution. Consistently ranked top **1-5%** nationally in revenue attainment and dealer satisfaction.

Professional Experience

Territory Manager | Trek Bicycle Corporation

Golden, CO / Remote

Apr 2024 – Present

\$40M+ multi-state portfolio · 60+ dealer & strategic accounts · Colorado, Utah, Wyoming, Montana

- Consistently ranked top **1-5%** nationally in revenue attainment and dealer satisfaction. Won Best New Territory Manager in 2025 and multiple awards for territory expansion and growth.
- Grew territory revenue **5-12%** annually. Added **\$3M+** in new business this fiscal year alone. Expanded Colorado market share from **26%** to **32%** in my first year.
- Manage Vail Resorts as a national strategic account across retail and rental operations. Grew purchases by **\$1.5M** over two years, established Trek as their exclusive bike partner, displaced the largest incumbent competitor from key retail doors, and increased in-store retail share from **68%** to **95%** and rental share from **60%** to **80%**.
- Manage four Scheels locations across Colorado, Montana, and Utah, driving account planning, assortment strategy, staff training, and in-store brand execution within a major national retail account.
- Territory expanded from approximately 36 accounts to 63+ based on performance, including taking over an underperforming Utah territory and rebuilding dealer relationships, account trust, and growth trajectory within six months.
- Opened 10 net-new dealer accounts in Q1 2026, generating **\$750K** shipped year-to-date with **\$3M** in projected Model Year 2027 sales tied to those new accounts.
- Built my own territory management systems including account tiering, seasonal forecasting, quota tracking, and dealer segmentation frameworks to prioritize time, investment, and growth opportunities across 60+ accounts.
- Run structured dealer coaching sessions on floor selling, inventory turns, and product knowledge, helping shops improve sell-through performance rather than simply increasing preseason buy-in.
- Selected for Trek's AI Champions program; built field-sales tools to improve territory planning, account prioritization, follow-up discipline, and administrative efficiency.

General Manager | Steamboat Ski & Bike Kare

Steamboat Springs, CO

Oct 2018 – Oct 2023

Full P&L ownership · **\$2.5M-\$4M** annual revenue · Dual-season ski & bike retail, rental, and service · High-volume Atomic dealer

- Led full P&L, staffing, buying, inventory, marketing, rental, service, and retail operations for a dual-season ski and bike business in Steamboat Springs.
- Managed seasonal vendor buying across ski and bike categories, including Atomic, with responsibility for preseason orders, inventory positioning, sell-through analysis, reorder cycles, and margin performance.
- Took the business from break-even to **\$230K** in annual net profit over five years. Grew total revenue from **\$2.5M** to **\$3M+**, ski rental revenue from **\$250K** to **\$425K**, and service department profitability from break-even to **\$70K**.
- Hired, trained, and managed seasonal teams across retail, rental, and service departments, building clear expectations around customer experience, product knowledge, sales performance, and operational execution.
- Built KPI scorecards, incentive structures, and performance tracking systems used by the management team to run day-to-day operations.
- Managed seasonal transitions, staffing ramps, floor resets, and inventory repositioning in a business where timing, product flow, and execution directly impacted profitability.
